B. A. C. DEFEATS LOVELL, 7-5

Guy Parker and veteran left-hander Bob Baker shared the mound duties as the Bethel A. C. defeated Lovell, 7-5, Sunday afternoon at Thurston Field.

The visitors got away to a quick 1-0 lead as Ron Leeman parked a Parker serving over the right field barrier as lead-off batter. This was the only hit garnered off Parker's serving during his three frames on the hill. Bob Baker proved in fine condition as he worked his way out of trouble in the fifth, sixth and ninth frames.

Bennett paced the A.C. attack with a three for three performance, one home run. Bud Kneeland batted out a pair of singles, with Charlie Smith and Baker getting a single each. Al Smith a double, and Brown a home run for the other A.C. bingles.

By LYNN CONNELLY

EVERY WEEK on CBS, screen star Edmund O'Brien assumes the role of "Johnny Dollar," the free lance insurance investigator.

With the action-packed expense account . . . He portrays this character with such authority that whenever he hails a cab, the driver invariably says, "Where to, Dollar?" In fact, Eddie plays every role, whether stage, screen, radio or television with such authenticity that one is never conscious of the fact that he is an actor, but rather that he is the character that he's portraying. . . . He is what is known as an actor's actor.

O'Brien started out in show business as "Neiderbo," the musician. . . . It was no magic that he took this name by spelling his own last name backwards. . . . He's done everything from Shakespeare to Saragun and knows practically every line the Bard wrote. . . . He will recite it at the drop of a hat. . . . He's favorite author is Hemingway, and he thinks that at his worst, Hemingway tops any other writer at his best.

He enjoys working in all mediums of show business, but doesn't like to do transcribed radio shows. . . . He believes it takes away the freshness and that an actor tends to let down. . . . Acting to O'Brien is a job, like any other profession, and he gives it the best he has. . . . When his day's work is done, he forgets it and spends his spare time pursuing his hobbies of photography and house designing.

Eddie is married to actress singer Olga San Juan, who gets this fall on Broadway in "Paint Your Wagon." . . . They share their Brentwood, Cal., home, which Eddie designed, with their two daughters, Bridget Ellen, 2, and Maria Mercedes, 8 months. . . . The owner of 50 suits, O'Brien has two that he wears all the time. . . . He prefers slacks and sports clothes and refers to himself as a "tattish" baritone, a credit which he says Olga is trying to remedy.

GOLDMAN BAND TO PLAY

FOR 14th YEAR AT SPRINGFIELD EXPOSITION

Dr Edwin Franko Goldman and the 75-piece Goldman Band will make their 14th annual concert appearance on opening Sunday at the Eastern States Exposition in West Springfield, Mass., which will be staged from September 16th through the 22nd. The band, personally conducted by the colorful Dr. Goldman, is scheduled to play two concerts in the Coliseum, one starting at 3:30 Sunday afternoon, and the second at 7:00 o'clock Sunday evening.

Principal soloist with the band will be James Burke, who has been featured in that capacity at the Exposition for the past four seasons. Mr Burke, despite the handicap of having the use of only one arm has been declared the greatest living cornet virtuoso by Dr. Goldman and he has won tremendous ovations from Exposition audiences on every appearance.

Plans are already under way for broadcasting of the concerts to bring Dr. Goldman and his musicians to thousands of radio listeners throughout New England. The evening band concert will precede the pageant of welcome to the Governors of the northeastern states and their official delegations which is a spectacular part of the Governor's Day program on Sunday.

"EASY DOES IT"

Small closets which do not need to be used for clothes can be converted into sewing closets. All sewing and pressing equipment can be stored here, including the machine, a small ironing board and an iron. Have small composition cabinets to hold thread, scrap materials, buttons, trimmings and scissors. Crisp cotton lace on a nylon blouse by placing the lace between two sheets of heavily waxed paper and using a warm iron. None of the wax will go on the nylon, and yet it will stiffen the lace. Do you exchange slips of plants with friends? An easy way to transport the tender slips is to wrap them carefully in waxed paper and place in an empty butter or lard carton. They cannot be crushed, and the package is easy to carry.

RECIPE OF THE WEEK

Pork Supper Casserole
(Serves 4)

1 cup cooked pork, cut in strips
1 tablespoon chopped onion
1 tablespoon fat
1/4 cup vinegar
1/2 cup water
1 tablespoon cornstarch
2 tablespoons brown sugar
1 teaspoon salt
2 cups cooked green beans
2 cups cooked diced carrots
Brown onion in fat in skillet. Combine vinegar, water, cornstarch, sugar and salt; stir into onions. Heat. Add pork; cook 10 minutes. Add beans and carrots. Heat slowly in a casserole for 20 to 25 minutes in a moderate oven.

Keep a small cellulose sponge in the kitchen, as well as in the bathroom into which you put scraps of soap. This keeps sponges clean and also provides a handy sponge for quick clean-up jobs.

KEEP THE SNAP IN BEANS

Mrs. Rolana McCotau, Home Demonstration Agent of the Oxford County Extension Service, says that snap beans can provide valuable amounts of food nutrients for family meals. They should be cooked carefully and served right after cooking to get the most nutritional value. A serving of a half-cup of green beans will provide about one-fifth of the daily requirement of Vitamin A. Snap beans also contain significant amounts of other vitamins and several minerals.

Beans while they are still young and tender. Cooking them immediately after picking in beef, or deep beans fresh put them in the refrigerator in a covered vegetable dish or in a plastic bag. They should be kept cool until it is time to prepare them for the stove.

Beans should be cooked in a small amount of salted water and the liquid served with the beans is considered to get the very best food value from them. This liquid can also be served in soup and sauce. Throwing away this liquid is just like throwing away good food.

You know, good people, and without choosing to appear smart, we should not act one half as loony as we do act. Here we are spending money on education far and beyond that of any other Nation — and what is the answer.

Russia spends nothing to speak of on school houses—Russia has communism. We say the Russian people—with little schooling—are duck soup for communism. We have in our enlightened land don't fall for communism, but listen, we are duck soup for socialism. And keeping right on with enlightenment only goes so far, how come we don't catch on that socialism is just an early symptom of coming communism. About the only difference between chronic socialism and chronic communism is as to who is the boss-man—the dictator.

If our education program is worth a hoot—and if it on the up and up—how come our half loony, suckerish behavior. How came we counter-act Govt. ownership, municipal ownership, socialism. We just as well be saving the school expense. Folks with good answers, send 'em in—send 'em to ye Ed.—send 'em prepaid. Thanks, folks.

Yours with the low down,
JO SEHRA

30 YEARS AGO

The Federal Bureau of Investigation does not want to play on the nation's anti-inflation team. The Army set up a requirement of 1,626,000 web belts for the year 1951. This is three belts per man. . . . Its 1951 requirement for combat boots was set at 11,753,000 pairs, although the total consumption was estimated at 4,800,000. Military 'sears' buying not only precipitates general shortages of consumer goods, but naturally forces up the price of goods thus bought. For example, since June 1950 the price of army blankets has risen from \$7.82 to \$10.00 each; combat boots from \$6.03 to \$11.63 per pair; army mattresses from \$7.83 to \$13.42 each; winter drawers from \$1.55 to \$4.15 per pair, and so on down a long list.

GRASS ROOTS OPINION

Liberal, Kan., Daily Times: "Everybody now has, or should have, an interest in taxation, and in governmental extravagance and waste. A blanket demand for government economy is the only way it will ever ease up, this newspaper believes."
